

DA-LIFT™

Electric Ceiling Lift for Video Projectors

- Raise or lower video projectors weighing up to 300 pounds with a push of a button.
- Heavy-duty, all metal construction with rack and pinion, chain drive lift mechanism for quiet operation.
- Bottom of lift is adjustable for flush installation and can be finished to match ceiling.
- Complete with three position control switch with cover plate.
- Optional plenum kit available where needed.

For optional remote control operation see options on pages 40-42.
