#### Six 2924AVP Monaural headphones Impact resistant 2001 Carry Case

- Holds entire listening center contents

Designed for groups up to seven students for language, literature and science study. Standing the cassette player upright on the cord wrap focuses the Directional Sound™ feature distributes the sound out to the audience, not up at the ceiling for effective classroom presentations. This exclusive *Califone* feature aids in distributing sound to the students, not the ceiling. Operates on AC or six "C" cell batteries (not included).
