

Wireless Stereo Headphone

Model 34B-IR

1. Recessed wiring resists prying fingers for classroom safety
2. Fully adjustable comfort strap wrapped with leatherette cushioning to fit all sizes
3. 4 built-in infrared receiving diodes with 15' line of sight reception range
4. Volume control for personalized comfort
5. On/off switch with power LED
6. Ambient noise-reducing earcup lowers external noise so volume does not need to be as high, as recommended by audiologists for hearing safety, replaceable ear pads
7. Rugged ABS plastic hold up in high-use settings
 - One year warranty for school use - unlike headphones purchased at a consumer electronics store whose warranty is voided if used in schools

Wireless headphones create lesson flexibility and freedom to move while learning. Our 34B-IR headphones are ideal for group listening centers and language learning with the wireless Califone 2395IR and 3432IR media players.
