5262 Cassette Player/Recorder

- Seven 1/4" headphone jacks
- Cue and Review feature
- AC/DC cassette recorder/player
- Built-in electret microphone
- Pause and tone controls
- 5 Watt amplifier

Six 2924AVP Monaural headphones 2001 Carry Case

- Holds entire listening center contents
- Impact resistant

Ideal for language and listening centers, the 5 Watt RMS 5262 Cassette Player/Recorder is designed for classroom, language-learning center and library use. Seven headphone jacks means there's plenty of room to handle standard sized reading groups. It can also be used for presentations, where its Directional Sound™ feature distributes sound out to the audience, not up at the ceiling.

"Project Intercept"
